God in change and evolution,  
 central to all life and growth,  
 wiser far than earthly wisdom,  
 Alpha and Omega both,  
 you, in learning, loving, living  
 yours the presence at our death,  
 God in meeting and in parting,  
 closer than our vital breath

2

We, your people come before you  
 joined in solidarity;  
 minds and hearts obedient, listening,  
 bonded into unity.  
 Facing questioning, rejection  
 of the values we hold dear,  
 may we meet all change with courage,  
 certain love will cast out fear.

As the early priests and prophets  
 strove to reach the promised land,  
 so should we live lives of purpose  
 guided by your loving hand.  
 Lead us on when doubts assail us,  
 may our eyes be fixed on you.  
 God in change enlarge our vision,  
 bring us to a world made new.
